VSPK

INTERNATIONAL SCHOOL

SECTOR-13, ROHINI, DELHI

Dr. S.K. Gupta

Chairman

"Progress is impossible without change, and those who cannot change their minds cannot change anything".

Sustainable development, a call to action, is the only way to transform the world, to end poverty and inequality and ensure that people enjoy good health, justice and prosperity. After a considerable research and carefully examining all possible narratives, "Sustainable development goals" has been conceptualised as a theme for this year's interschool competition, "Abhivyakti 2024". VSPK has always believed that substantial change can only be witnessed when we inculcate the habit of debate and discussion in the future seekers of the millennium. Therefore, this competition will serve as a platform for students to not just hone and nurture their creative expression and skills but also act as a sensitiser to make the youth aware about the extremely crucial element of life. Mahatma Gandhi ji rightly remarked "Earth provides enough to satisfy every man's need but not every man's greed."

I encourage every participating student to approach these competitions with enthusiasm and a spirit of collaboration and innovation. Lets us all come together to inspire and empower each other, as we work towards building a better tomorrow. Wish you good luck and may you all have a rewarding and enriching experience during your journey with us!

VSPK
INTERNATIONAL SCHOOL
SECTOR-13, ROHINI, DELHI

Dr. Pramila Gupta **Manager**

"We have the power to change the narrative. Let's rewrite the story of our planet and ensure that it's a tale of resilience, sustainability and hope."

It is extremely crucial to create a balance between the environment, economy and ethics for which sustainability plays a pivotal role. Being vocal about significant sustainable development is the need of the hour. We extend a wonderful opportunity to all the participants across different schools for being a valuable part of the interschool competition "Abhivyakti 2024" We encourage meaningful dialogue and action towards achieving sustainable Development Goals set by the United Nations.

It is a great honour to share VSPK's successful completion of 21 glorious years of educational excellence. The school constantly evolves itself in creating a stimulating environment for its learners, to be able to prepare them for newer adaptations and challenges, to enable them to contribute their share in creating a progressive society serving the nation and world at large.

We at VSPK believe that by coming together and sharing our ideas and experiences, we can make a real difference in creating a more sustainable and equitable future for all.

I hope that you will learn, here feeling inspired and motivated to continue working towards a more sustainable world.

VSPK
INTERNATIONAL SCHOOL
SECTOR-13, ROHINI, DELHI

Dr. Sanchita Gupta **Principal**

" Sustainable Development is how we must live today if we want a better tomorrow."

VSPK INTERNATIONAL SCHOOL extends a cordial invitation to the school and students to participate in " Abhivyakti 2024 ", an interschool event organised on the theme of SDG starting from 29th July 2024. A week's gala event has been conceptualised for not just emphasizing on the critical and creative thinking aptitude and skills of students but also to analyse the significance of coming together to address major global issues demanding immediate attention of the world.

It is high time to encourage brain storming sessions amongst the youth, that will act as swords to cut across possible threats and challenges.

We hope your whole hearted participation in this event, will definitely help the students in holistic progression, seeking possible solutions and putting our endeavour in new direction to make our mother Earth more sustainable, enriched with greenery. Your presence and contribution is essential in making this event a grand success.

Let's come together to open the wings of freedom to express and witness the young embark on a journey of sustainable and progressive life on the planet.
